

April 15, 2010

Last summer I got to learn how to sail through the Blue Sky Sailing Club with my tutor Henry. I am 11 years old and I love being on the water. Through the Pinch Hitter program I learned how to raise the sails, prepare the boat, make knots and sail on a small sailboat. Sailing makes me feel very independent and free. What a great experience! I would recommend this course to any kid who loves being on water and outside.

This summer I hope to learn how to sail alone on the Laser and to use the spinnaker on the Wayfarer.
